

NOVEMBER 3-5, 2009

LOUISIANA OIL & GAS ASSOCIATION

GENERATING NEW BUSINESS FOR LOUISIANA'S OIL AND GAS INDUSTRY

Powered By:

Donor Registration Form

While helping LOGA overcome our industry's obstacles,
business deals will be made live over the internet—
This is a **SIMPLE** way to market your products and services directly to operators!

2009 Oilfield Service Auction Details

- Tuesday, November 3rd at 10:00am to Thursday, November 5th, 2008 at 10:00am.
- LOGA asks that each donation be a minimum of \$2500 worth of products or services.
- There is no limit to the amount or number of donated lots from any specific company

How does the Oilfield Service Auction work?

- Service companies donate their products or services in auction lots (see below).
- Producers and operators purchase these items through an online bidding process over a 48-hour period.
- **If your service is bid on & won, YOU get the job minus the donated portion.**
- Winning bidders will be awarded and have a period of 1 year to use their voucher for those services.

Proceeds from the auction will be used to help support the advocacy efforts of LOGA, which benefits all sectors of the oil and gas industry in Louisiana.

Benefits to your company by donating:

- **Advertisement for your company & Product/Service:** Your company logo, product/service donation & business contact info is printed & sent directly to the bidders desk VIA FedEx—in time for the auction.
- Company logo, products/services & photos listed on all OSA promotional materials and on **www.loga.la**
- Letting the bidder-operators know that YOU support them and their business by supporting LOGA

Sample Auction Donation →
